

Nicole Burnham • Bio

Nicole Burnham is the author of over a dozen novels, including the romance novels *Scandal With a Prince* and the RITA-Award winning *The Knight's Kiss*, as well as the teen novels *Royally Jacked*, *Sticky Fingers*, and *Shot Through the Heart*, which were written under the name Niki Burnham.

Though Nicole is originally from Colorado, her father was career military. That upbringing gave her the opportunity to live and travel all over the world, absorbing different cultures and visiting the opulent palaces and lush gardens that inspired the Royal Scandals series. *All About Romance* declares, “Nicole Burnham gives life to a fictional kingdom and monarchy that feel as though they could be real” and “gosh darn it, Nicole Burnham is *good*...readers should definitely check her out.”

Nicole currently lives in Boston. She enjoys yoga, games at Fenway Park, taking her dog for long walks, and reading the many romance novels on her bookshelves. Most of all, she loves writing stories about far-off countries, deliciously powerful heroes, and passionate heroines for her readers.
